New Programs Start
October 6th, 2020

The Plains Community League is offering several programs to support students in Fauquier County this fall.

Internet Café offers internet access periods from 8-11 and 12-3 on Monday, Tuesday, Thursday and Friday. Students can participate in both synchronous and asynchronous instruction during these hours.

Wednesday Ones offers special one-hour access periods on Wednesdays for catch up work or printing assignments.

Virtual Tutoring will be offered through zoom or other online platforms. We have a large group of tutors ready to help students 1:1 through virtual platforms.

All of these programs require registration. Forms are available on the website www.tpclva.org or at the Community House front porch. Completed packets may be left in the Drop Box on the front porch.

If you have questions or need more information...

Long Range Planning

The Plains Community League Board participated in a two-day retreat in August to make long range plans. Jennifer Goldman of Resonance, LLC facilitated the retreat with board members participating in person and via Zoom. We clarified our mission, focused on the programs and services we offer and developed strategic goals for the next three years. As part of the process for reaching our goals, organizational committees were developed with the hope of involving community members in each committee. A board member chairs each committee.

Please consider joining a committee, or sharing your ideas and thoughts with us. Committees include:

- Development (Earl Douple, chair)
- Education (Ellen Richmond-Hearty, chair)
- Events (Sheila Harrell, chair)
- Facilities & Maintenance (Debby McLaughlin, chair)
- Marketing & Outreach (Nono Fisher, chair)
